

Aprio Merchant Services

ENHANCE PROFITABILITY WITH THE LOWEST-POSSIBLE CREDIT CARD PROCESSING FEES

Whether you already accept credit cards and ACH payments, or you're planning to add these payment options, processing fees can take a bite out of your profit margins. Aprio's Merchant Services team can help you manage operating costs and reduce credit card processing fees by providing custom solutions and best in class pricing.

Aprio provides a unique consultative experience powered through our partner-enabled platforms. Our exclusive rates yield savings between 10-50% and transparent pricing means you're never left guessing what you're paying for each month.

Specialized partner platforms = Custom solutions for your business and industry

high-risk clients

Expect more and get it with Aprio:

- ✓ **Easy agreements**
 Realize savings with no upfront fees and no contracts. If we don't measure up to your expectations, you can cancel at any time.
- ✓ **Hosted payment page**
 Hosted payment pages integrated into our gateways offer centralized, secure payment solutions that you can customize with your brand.
- ✓ **Omni-channel acceptance**
 Accept payments via a virtual terminal, countertop terminal, point-of-sale system, mobile app/device and eCommerce plugins.
- ✓ **Lowest rate for every transaction**
 Our gateway solutions manage interchange, optimize rates and deliver Level II and III data with every transaction.
- ✓ **Improve cash flow**
 No more waiting for checks to clear. Funds are automatically deposited into your bank account the next business day.
- ✓ **Security you can count on**
 Our platforms are PCI-certified. Point-to-point encryption creates peace of mind when accepting all card types.

Experience stress-free payment processing

Running a business can be stressful. Let Aprio take payment processing worries off your plate. We handle the technology and heavy lifting, so you can focus on your operations.
