

# Merchant Services for Dentists

## SAVE MONEY AND PROVIDE MORE PAYMENT OPTIONS

Electronic payment options offer convenience and flexibility – but payment processing fees can take a bite out of your profit margins, and it can be tricky to ensure timely bill-pay.

Partner with Aprio's Merchant Services for help with managing operating costs and staying ahead of payment trends in the healthcare industry. Our team of dental-specific merchant services professionals provides custom solutions and best-in-class pricing tailored to your practice's needs.

Plus, through our unique partner-enabled platforms and analysis-based approach, you could save between 10%–50% on processing fees – which means you won't be left guessing what you're paying for each month.

## Eliminate payment processing headaches for good

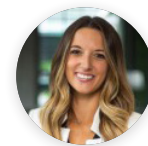

Running a dental practice can be stressful. With Aprio Merchant Services, we take payment processing worries off your plate so you can focus on your patients. You can expect:

- **Convenience from start to finish:** Receive a complimentary, independent consultation evaluating your merchant rates and processes with no upfront fees and no contracts. If we don't meet your expectations, you can cancel at any time.
- **Integration between existing systems:** Save your staff time and reduce redundant, manual entry by integrating patient payments into any Practice Management software.
- **A more holistic patient experience:** Give your patients the ease of 24/7/365 omni-channel payment acceptance via a virtual terminal, countertop terminal, text-to-pay, and through your website without needing a username and password.
- **Improved cash flow:** Receive more certainty around patient payments and bill-pay with secure card-on-file capabilities, flexible auto-recurring payment plans and electronic patient refunds. Next-day funding will also allow you to shorten the cash cycle.
- **Security you can trust:** Aprio's platforms are PCI-certified and HIPPA-compliant, with point-to-point encryption that creates peace of mind when accepting all card types.

Experience stress-free payment processing in your dental practice.

**Partner with payment specialists who know dentistry.** To schedule a complimentary review of your current payment processes and rates, contact:
