

Financial Consulting Services

THE FINANCE FUNCTION OF YOUR BUSINESS IS UNDER CONSTANT PRESSURE TO PERFORM, ADAPT AND IMPROVE. APRIO CAN HELP.

Serving as an extension of the office of the CFO, Aprio financial consultants provide the technical subject matter expertise and additional bandwidth to successfully execute and implement strategic transformations. Our team helps financial executives successfully navigate operational and financial changes that arise from process improvements, emerging accounting standards, ERP implementations and transformative transactions.

Aprio Financial Consulting services include:

Lease Accounting:

Streamline your adoption of the new ASC 842 standards with Aprio's comprehensive lease accounting solution. Our solution is perfect for both domestic and international operations that manage five or more real estate, vehicle or equipment leases.

Accounting & Finance Staff Augmentation:

Aprio has highly-skilled contract accounting and finance resources for internal controls testing; month/year-end closings; financial statements/restatements; external audit preparation, SEC/IFRS and U.S. GAAP reporting, and divestitures and carve-outs. Over 90 percent of our staffing pool have Big Four experience.

Audit Support:

Get first-class audit preparation support with an A-team of experienced Aprio accounting professionals. Our resources have extensive Big Four audit and industry controller level experience.

Purchase Accounting and Purchase Price Allocation:

Get technical accounting assistance you need for a wide array of transactions including asset acquisitions, reverse mergers, carve-outs and business combinations. Let us help you with your ASC 805 accounting memos.

Post-Merger Integration:

Aprio post-merger integration professionals guide clients through the hundreds of tasks and complex action items that collectively determine the success of a business combination.

Technical Accounting Research:

Aprio has experienced technical accounting resources and the multiple research tools needed to assemble accurate and technically sound position papers for auditors or regulatory agencies.

Revenue Recognition:

Whether you are starting from scratch or have started to evaluate the effects of the new rules, Aprio's team of ASC 606 experts will help you navigate every phase of adoption.

Transformation Services:

Aprio's transaction and business advisory professionals partner with you to help ensure a smooth transition to what's next for your organization. From transaction readiness through integration, turnaround, disposition, bankruptcy emergence and other transformative initiatives, our team works to achieve the results you expect.

Governance and Compliance:

Our governance and compliance experts advise clients in areas such as internal audit support, enterprise risk management, internal controls evaluation and attestation services to ensure your organization is meeting its performance objectives and regulatory requirements.

Financial Technology:

Access the resources you need to advance your financial technology platform and processes. Aprio provides a broad range of financial technology services from project management to strategic consulting. Leverage our deep experience in ERP system selection and implementation methodology, treasury functions, financial benchmarking and KPI dashboarding to keep your financial transformation initiatives on task, on time and on budget.

About Aprio

Since 1952, clients throughout the U.S. and across more than 40 countries have trusted Aprio for guidance on how to achieve what's next. As a premier, CPA-led professional services firm, Aprio delivers advisory, assurance, tax and private client services to build value, drive growth, manage risk and protect wealth. With proven expertise and genuine care, Aprio serves individuals and businesses, from promising startups to market leaders alike.
