

Aprio Lease Accounting Solutions

ACCELERATE ADOPTION OF THE NEW LEASE ACCOUNTING STANDARD WITH APRIO'S LEASE ACCOUNTING SOLUTIONS

If you are responsible for helping your company comply with the new lease accounting standard, you may be dealing with the following challenges:

- Identifying embedded leases hiding in service contracts (e.g. medical diagnostic services, billboard advertisements, dragline service agreements, IT services, etc.)
- Calculating ROU asset and lease liabilities in compliance with ASC 842
- Simultaneous reporting under IFRS and US GAAP
- Preparing accurate and complete disclosures

Aprio has partnered with LeaseQuery, a leader in the lease accounting industry, to provide a comprehensive solution to the adoption of ASC 842. Aprio's team has a depth of experience implementing ASC 842 and IFRS 16 for multi-million-dollar construction companies with thousands of leases abstracted, including real estate, railcars, land, fleet vehicles, equipment, draglines, etc.. Let Aprio save you time, money and resources.
