

# R&D Tax Credits: another way Aprio can save you money.

Your project investment may qualify you to claim a Federal R&D Tax Credit of up to 8%. Plus, you may be eligible for additional state and local tax credits.

## Do You Qualify?

If your company engages a third-party resource to develop or improve, products, processes, techniques, formulas or software you may be eligible.

Manufacturing

Engineering/  
Architecture

Medical  
Devices

Software

Pharma

Gaming

Aerospace

Technology

If your team (or third party team) uses an iterative process based on hard sciences such as engineering or computer sciences, their time qualifies.

Engineers

Software  
Developer

Line  
Operators

Plant  
Managers

Any consumable materials used in the process can also be applied to the credit.

Example of Potential Savings

If you have qualified expenses equaling

**\$2,000,000**

You can save up to **8%\***

That equals **\$160,000**

Smart companies use their savings to:

- ✓ Hire strategic talent
- ✓ Offset operating costs
- ✓ Develop new products
