

ALTA Best Practices Compliance

COMPREHENSIVE BENCHMARKING, TESTING AND REPORTING ACROSS ALL SEVEN ALTA BEST PRACTICES PILLARS

Aprio, LLP, through its ComplianceSuccess[®] Program, is the leading CPA firm in the nation to perform ALTA Best Practices compliance benchmarking and assurance reporting services. The program provides a CPA assessment for title and settlement professionals to demonstrate to their lender clients that they are in compliance with ALTA Best Practices. CPA reports provide more assurance to banks than a certification report. Now, attorneys and title companies have a way to demonstrate independently their full compliance to their lender partners.

The ComplianceSuccess[®] Program makes it easy and affordable for both large and small title agencies to become ALTA Best Practices compliant.
