

Increase profitability & finance growth with R&D Tax Credits

Now that the federal Research and Development Tax Credit has been made permanent, it is an excellent time to reassess whether your company can benefit from these valuable tax credits.

Do You Qualify?

Any company that designs, develops or improves products, processes, techniques, formulas or software may be eligible.

Manufacturing

Engineering/
Architecture

Medical
Devices

Software

Pharma

Gaming

Aerospace

Technology

If your team uses an iterative process based on hard sciences such as engineering or computer sciences, their time qualifies.

Engineers

Software
Developers

Line
Operators

Plant
Managers

Any consumable materials used in the process can also be applied to the credit.

Potential Savings?

For example:

If you have qualified salaries equaling

\$2,000,000

You can
save
up to **7%***

That
equals **\$140,000**

Smart companies use their savings to:

Hire strategic talent

Offset operating costs

Develop new products

* Potential federal savings. Many states also have R&D incentives that can significantly increase your claim.

What will you do with your R&D tax credit savings?
